3.0 SCOPE OF WORK

The Department of Social Services (DSS) strives to meet its mission of strengthening and supporting individuals and families by promoting cost effective and comprehensive services in connection with our partners that foster independent and healthy families. We believe that strong families are South Dakota's foundation and future. An efficient and robust Medicaid program is essential to that mission and school districts are valued partners in delivery of Medicaid services to eligible recipients. The Department of Social Services reimburses school districts for the administrative costs of health outreach and services coordination for Medicaid-eligible students. The Federal Government requires a strict adherence to time studies and data collection to substantiate administrative costs incurred by

school districts and the amounts claimed for Administrative Claiming program operated by the vendor.

The vendor selected as a result of this RFP will act in the capacity of an administrative service organization to the Division of Medical Services with independent time studies, claim submission, and quality assurance reviews of schools occurring for each of 12 individual calendar quarters beginning July 1, 2016 through June 30, 2019.

For the purpose of the sub-paragraph, "State Proprietary Information" shall include all information disclosed to the Consultant by the State. Consultant acknowledges that it shall have a duty to not disclose any State Proprietary Information to any third person for any reason without the express written permission of a State officer or employee with authority to authorize the disclosure. Consultant shall not: (i) disclose any State Proprietary Information to any third person unless otherwise specifically allowed under this contract; (ii) make any use of State Proprietary Information except to exercise rights and perform obligations under this contract; (iii) make State Proprietary Information available to any of its employees, officers, agents or consultants except those who have agreed to obligations of confidentiality at least as strict as those set out in this contract and who have a need to know such information. Consultant is held to the same standard of care in guarding State Proprietary Information as it applies to its own confidential or proprietary information and materials of a similar nature, and no less than holding State Proprietary Information in the strictest confidence. Consultant shall protect confidentiality of the State's information from the time of receipt to the time that such information is either returned to the State or destroyed to the extent that it cannot be recalled or reproduced. State Proprietary Information shall not include information that (i) was in the public domain at the time it was disclosed to Consultant; (ii) was known to Consultant without restriction at the time of disclosure from the State; (iii) that is disclosed with the prior written approval of State's officers or employees having authority to disclose such information; (iv) was independently developed by Consultant without the benefit or influence of the State's information; (v) becomes known to Consultant without restriction from a source not connected to the State of South Dakota. State's Proprietary Information shall include names, social security numbers, employer numbers, addresses and all other data about applicants, employers or other clients to whom the State provides services of any kind. Consultant understands that this information is confidential and protected under applicable State law at SDCL 1-27-1.5, modified by SDCL 1-27-1.6, SDCL 28-1-29, SDCL 28-1-32, and SDCL 28-1-68 as applicable federal regulation and agrees to immediately notify the State if the information is disclosure, either intentionally or inadvertently. The parties mutually agree that neither of them shall disclose the contents of the contract except as required by applicable law or as necessary to carry out the terms of the contract or to enforce that party's rights under this contract. Consultant acknowledges that the State and its agencies are public entities and thus are bound by South Dakota open meetings and open records laws. It is therefore not a breach of this contract for the State to take any action that the State reasonably believes is necessary to comply with the South Dakota open records or open meetings laws. If work assignments performed in the course of this Agreement require additional security requirements or clearance, the Consultant will be required to undergo investigation.
